

CRANFIELD GLOBAL CEO PROGRAM®

LEADERSHIP IN A GLOBAL
BUSINESS WORLD

LEADERSHIP IN A GLOBAL BUSINESS WORLD

No business is immune from the uncertainty affecting the world economy. Understandably, a business leader's most natural reaction is to rely on the safe, tried and tested methods, to focus inwards.

What all leaders need to do is look at situations with new eyes: necessity can indeed be the 'mother of invention'. Economic volatility demands fresh thinking, new ideas and innovation most likely to be found external to your industry, let alone your business. With this need firmly in mind, Cranfield University School of Management is launching an entirely new programme designed for business leaders from SE Asia **LEADERSHIP IN A GLOBAL BUSINESS WORLD.**

CRANFIELD UNIVERSITY

Cranfield University is one of the few entirely post graduate and post experience universities in the world. For over 60 years it has been at the forefront of applied research and teaching making a difference in the fields of science, technology and management.

As a significant contributor to this mission, Cranfield School of Management, a world leader in management education and research, has been helping individuals and businesses learn and transform knowledge into action. Ranked as one of the top 20 business schools in the world, our faculty is amongst the largest and most diverse of any business school. Leaders in their chosen fields, they are actively engaged in consultancy and relevant research in business and government. They are committed to practicality: they understand your challenges. They

have faced them themselves and they can help you to do the same.

A combination of rigorous research and inspirational teaching is at the heart of everything we do. We are dedicated to creating responsible management thinking, improving business performance and inspiring the next generation of business leaders. We work to change the lives of our students and executives by encouraging innovation and creative thinking, as well as the drive to succeed and make a real impact on their organisations.

+ new eyes
invention
fresh thinking
new ideas
innovation

THE PROGRAMME

The commitment of the Cranfield faculty to make a practical difference to individuals and their organisations is reflected in Leadership in a Global Business World designed for business leaders from SE Asia who want to develop their understanding of leading edge business practices in Europe.

DEVELOPED IN AN EFFICIENT 6 DAY FORMAT, THE PROGRAMME INCLUDES:

- Strategy Innovation in Times of Uncertainty
- Strategic Leadership of Change
- Entrepreneurship
- Leadership and Talent Development Across Borders
- Global Supply Chain Management
- Borderless Economics
- The Winning Organisations of the Future
- Changes and Opportunities in the Global Economy
- Visits to companies with an international reputation for excellence in their field

You will leave the programme with a deep insight into how to lead your businesses in a challenging global economy. A significantly enhanced reading of the business environment will be combined with the personal understanding about how you can inspire your own organisation, equipping you to lead across borders and cultures.

Inspirational sessions will be provided by guest speakers from business and Cranfield's Professors and senior faculty, all reflect the highly interactive and practical approach that Cranfield has become justifiably renowned.

THE VENUE

Located just an hour from London the School provides first class teaching and learning facilities; the programme is based in the Cranfield Management Development Centre, an award-winning, purpose-built residential management training centre. The facilities have been designed to create an environment that is conducive to effective learning whilst providing the high standard of accommodation expected by global business managers.

He is a highly acclaimed presenter and regularly speaks at Industrial Conferences and has undertaken lecture tours of Europe and Asia at the invitation of local Universities & Confederations of Industry. He has published widely in the area of supply chain management and is Editorial Advisor to a number of top journals in the area.

In recognition of his outstanding achievements & impact in the area of logistics & supply chain management, Richard was appointed an Officer of the Most Excellent Order of the British Empire (OBE) by Queen Elizabeth II in the 2013 New Year Honours for services to Business. He was also winner of the ‘Individual Contribution Award’ at the ‘European Supply Chain Excellence Awards 2010’ this is presented to the individual who has made an outstanding contribution to supply chain excellence.

Richard’s special areas of interest include the creation of collaborative business environments, reducing supply chain vulnerability & risk, time compression and techniques for aligning supply chains to maximise customer value and reduce cost.

DR. CONSTANTINOS ALEXIOU

Senior Lecturer in Economics

BSc PgDip. MSc PhD

Prior to joining Cranfield, Constantinos held academics posts at various British as well as Greek academic institutions. Apart from his academic post he is also a visiting research associate at the Confederation of Greek Labour where he delivers training programmes for trade union members. The main focus of his research revolves around Labour Markets, Macroeconomic Policy, Post Keynesian Economics, Determinants of Bank Profitability, Financial Sector Reform in Transition Economies, The Role of Institutions in Economic Development, Public Deficit and Economic Growth etc. Dr Alexiou is currently the editor of the International Journal of Economics. He is a frequent contributor to many international conferences and has produced papers published in leading international economic journals.

DR. JOHN GLEN

Senior Lecturer in Economics

PhD BSc MSc

John specialises in teaching micro economics, industrial organisation and is the author of several papers relating to competition policy, and deregulation. His teaching at Cranfield School of Management has contributed to the electives on Economic Perspectives on Globalization; Advanced Macroeconomics Economic, Economics of Organisations and Strategy, and Quantitative Methods.

John has recently completed a sector risk assessment for a European Bank. He is currently researching the impact of Regional Development Agencies on Local Government Economic Development Strategies (sponsored by UNISON). John has also completed a report on Scottish Licensing Law which formed part of the British Entertainment and Discotheque Association’s (BEDA) response to the Home Office White Paper on Licensing Law Reform in England and Wales.

DR RICHARD SCHOENBERG

Senior Lecturer in Strategic Management

BSc(Hons) MBA PhD

Richard leads the Strategic Management and International Mergers & Acquisitions modules on the Cranfield MBA. He also contributes to a wide range of Cranfield’s executive education programmes, recently including work for Actavis AG, Amadeus Group SA, Aviation Industry Corp of China, EDF Group SA, Freshfields, GKN plc, Henkel AG, and Royal Bank of Scotland plc. He previously held faculty positions at Cambridge University’s Judge Business School and at Imperial College London. Prior to joining academia he held managerial positions with the Ford Motor Company and ICI plc. Richard is an active researcher in the field of strategic management, primarily focusing on mergers and acquisitions, on which he holds a prize winning PhD from the University of London.

DR. MARTIN CLARKE
 Programmes and Business Director, Centre for General Management Development
 BA MA PhD CPsychol AFBPsS

After graduating from Aston University, Martin joined Vauxhall Motors, eventually working within their management development function. In 1983 he joined the National Freight Consortium, firstly in BRS and then latterly helping to set up Newsflow, a new division leading a fresh approach to newspaper and magazine distribution. Before joining Cranfield School of Management in 1993, Martin worked as a Director of a European business information company. He is currently Business Director of the flagship Cranfield General Management Programmes that combines extensive leadership development with enhanced strategic awareness. He is Co -Director for the Cranfield General Management Programme and Cranfield Advanced Development Programme. Martin works as a leadership and organisation development consultant to a broad range of international companies. His experience lies chiefly in the area of organisation and strategic development, working with executive teams and business leaders.

DR DAVID BUTCHER
 Director, Centre for General Management Development
 BA MA PhD CPsychol AFBPsS

David's career has spanned multi-national business, consultancy and university business schools. He has depth of international experience in both management practice and executive education. He is a highly acclaimed conference presenter, executive development professional and board level facilitator/coach. David is a chartered organizational psychologist who applies this professional and academic background to addressing strategy and executive level processes. His special interests and expertise include executive leadership development, effective processes for strategy formation and implementation, board and executive team processes, and the constructive use of organizational politics. He has published widely on these topics for both manager and academic audiences, and his most recent book is 'Smart Management: Using Politics in Organizations'.
