- SL07X7R1E102M15 : 0.76mm-t:0.15mm-25v-1,000pF normal product with no dummy
- SL06X7R1J301M25 (from current product) : 0.56mm-t:0.25mm-63V-300pF

Re-confirmation required

Ms. Wendy mentioned of 50% either it's means current project replacement 50% approval status OR 50% expect current order 1,400Kpcs/month.

Avago Technologies

Maruwa : Mr. Uchida, Mr. Hirata, Rosli

Avago 2pm : Mr. Ong Seng Chye, Ms. Poh Pei tin

Organization

Singapore office have R&D (Ms. Vivien Tan), Mfg. Material (Mr. Pao Ann Bong) & Ms. Poh Pei Tin, FOPD Procurement (Mr. Joseph Yeoh) and Ms. Leena Low as Buyer. All 3 department report to Mr. Pao Ann Bong. Manufacturing Plant not is Singapore, they use contract manufacturer in Philippine, China and Malaysia. Avago Spore have no direct connection with Cyoptics USA (company Avago buy over). Maruwa Japan supplier 2-3Million of SLC to Cyoptics USA. Unfortunately Avago Spore use very few of SLC (customer made).
