Items highlighted:

- transfer pricing documents needs to prepare on time
- changing account standard-timing of declare revenue for goods in transit. Mizutani san informed that standard cut off will be inform later. Target implement on year 2021.
- consolidation report- changing on declaration on deferred tax assets & tax liabilities.
this two account have to offset each others.
- Fraud prevention
 - 1 Reporting PL without top up profit.
 - 2 NG good ship out - cheating on composition material
 - 3 declare true information
 - 4 Moral to staff- not to stolen company money.
 - 5 segregation of duties
 - 6 Real case : found by government tax authority - high profit, but ask supplier to adjust the date of invoices in order to declare the expenses early to reduce profit
 - 7 Sales side - invoices already prepare but goods havent ship out due to needs to declare high sales
 - 8 Fixed assets- already disposes but production still using
 - 9 Travelling claim - must have receipt if want to claim those expenses

22-09-2018

8.00 am - Travelling to Nagoya Airport

9.30 pm - Reached home
